Student Homework Correction & Report

JOURY

Subject: IGCSE Mathematics	**Topic:** Order of Operations (BIDMAS)	**Score: 10 / 10 (100%)**
Instructor: Mr. Haitham Hussien	**Chapter:** Chapter 1 (Numbers)	**Grade: A* (Excellent)**

1. Question-by-Question Marking Breakdown

Q#	Topic / Expression	Mark	Status	Student Answer / Error Analysis
Q1	8 + 12 ÷ 4 = 5 (Explain error)	1/1	CORRECT	Clear explanation: "he did addition first while he should have divided first".
Q2	5 × (4² + 2 - 12)	1/1	CORRECT	Correct step-by-step simplification to 30.
Q3	5² + √121	1/1	CORRECT	Evaluated 25 + 11 = 36.
Q4	(23 - 3 × 3)²	2/2	CORRECT	Evaluated (23 - 9)² = 14² = 196 correctly.
Q5a	4 + 9 × 6 - 4 = 22	1/1	CORRECT	Placed brackets correctly: 4 + 9 × (6 - 4) = 22.
Q5b	24 ÷ 12 - 8 + 2 = 4	1/1	CORRECT	Placed brackets correctly: 24 ÷ (12 - 8 + 2) = 4.
Q6a	10 - 4 ÷ 2 + 18 = 21	1/1	CORRECT	Placed brackets correctly: (10 - 4) ÷ 2 + 18 = 21.
Q6b	7 × 3 + 1 + 2 = 30	1/1	CORRECT	Placed brackets correctly: 7 × (3 + 1) + 2 = 30.
Q7	2 + 8(40 - 5)	1/1	CORRECT	Evaluated 2 + 8(35) = 2 + 280 = 282.

2. Diagnostic Review & Mistake Analysis

Joury achieved a perfect 10/10 score. Her handwriting and logical step presentation were immaculate, reflecting complete conceptual fluency in BIDMAS rules.

3. Personalized Action Plan & Next Steps

- **Extension Work:** Introduce order of operations involving negative bases, fractional indices, and radical expressions.
- **Peer Mentorship:** Encourage sharing problem-solving strategies with classmates.
